FAQ

FAQ

FAQ

How do researchers use TXYZ?

More than 500,000 researchers have already utilized TXYZ. They commonly use TXYZ to:

- * Discover academic papers that align with their research interests
- * Speed up routine research tasks
- * Gain research insights through AI interaction
- * Manage their personal research library
- * Acquire knowledge about a new domain

TXYZ provides access to millions of academic papers across all disciplines. Not only does it boost efficiency for academic research, but it can also be utilized in industry R&D and various other contexts.

Can TXYZ be used for tasks other than reading research papers?

Absolutely! TXYZ provides versatility beyond just reading research papers. It caters to a wide range of needs including academic research, industry R&D, market research, training, knowledge sharing, and more!

Your service is impressive. Is there an API available for integration?

Certainly! We offer API access to integrate our service seamlessly. This feature is ideal for companies, research labs, and educational institutions.

For additional information, please reach out to us via email at

support@txyz.ai.

How reliable are the answers in TXYZ?

We strive to enhance accuracy and reduce the “hallucination” problem by refining our retrieval algorithm and offering a document location reference when responding to a question.

What happens to documents uploaded to TXYZ?

When you choose to upload papers to TXYZ, they remain private to you and are not shared with anyone else. If you delete a private paper from your library, it will also be removed from our database.

How can I contact the team?

Hello! We always love to chat with you! :) For any feedback or general comments, please email us at support@txyz.ai.

Also, find us in our [Discord](https://discord.gg/MqpsD9qVpP) community—a space to connect with individuals who share similar interests and stay abreast of the latest trends and news in the dynamic field of AI!
